01 SELECTED EXPERIENCE

● 2018 - PRESENT

SELF-EMPLOYED

Senior Graphic Designer

UI, branding, illustration and visual systems for web, mobile, games and interactive products. End-to-end 2D/3D production, motion and prototyping supported by automation and AI-assisted workflows.

● JAN 2024 - JUN 2025

TACTILE GAMES

UI Designer | Contract | Remote

Built a Unity Slicer tool that reduced UI preparation from about 15 minutes to about 10 seconds per task and eliminated manual asset slicing. Introduced the team's first AI-assisted workflows and delivered scalable components directly into a live mobile game.

● NOV 2021 - DEC 2023

MOBINATION GAMES

Lead Artist | Freelance | Remote

Owned the complete visual direction of a tower defense game, from art direction and UI systems to implementation. Delivered UI/UX, gameplay visuals, 2D/3D assets, animation, VFX and promotional materials.

● NOV 2020 - MAR 2021

HUUUGE GAMES

Graphic Designer / Animator | Contract

Designed and animated UI and visual assets for a slot game in a regulated social casino environment. Applied 3D-to-2D workflows to improve consistency, production efficiency and compliance with technical constraints.

● JUN 2020 - AUG 2020

DEN OF IMAGINATION

3D Sculptor | Freelance | Remote

Delivered print-ready collectible character sculpts meeting strict standards for form, detail and structural integrity within rapid iteration cycles.
